Release 3 - Market Trials
10th September

Agenda

1. General Update

2. Entry requirements for Market Trials

3. Changes to commence Testing

Market Trials Update

- All data has been sent out to participants.
- Connectivity testing has completed with no connectivity issues found.

Entry Criteria

- Following a meeting this morning there has been a go decision for Market Trials to commence. There is a caveat surrounding this go decision regarding the XRN4458 change, the Rec job code movement is pending
  - This does not impact commencement of all changes.
  - Planned deployment is for Friday 14th September.
  - The Rec job run is not planned this week.
